AT HARTMAN PHARMACY TO SERVE YOU -- OUR RESPONSIBILITY

An
APOTHECARY
Weighs i
Measures

PROFESSIONAL HEALTH TEAMS WORK FOR YOU

Pharmacy, like its allied branches of medicine is concerned with man. It is concerned with man from birth, all through his life, to his death — his sufferings and happinesses. The practice of Pharmacy, both retail and government (and this includes industry) is busy seeking to bring order out of any points of disorganization.

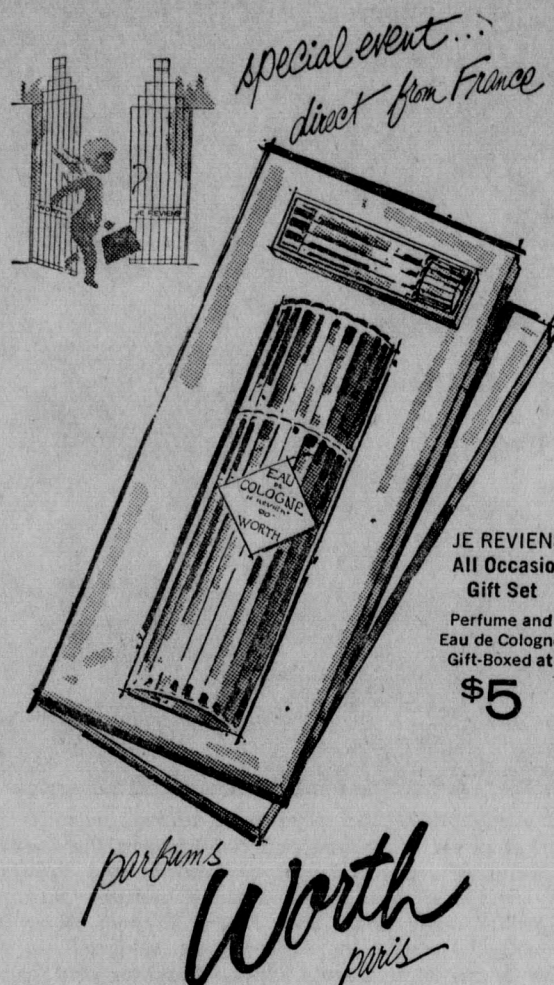

Comprehensive health care is a topic which arises every day in most institutions dealing with the health of our great nation. These organizations believe that all steps should be taken to deliver quality medical care on the basis of community needs; and that these needs should transcend all personal, professional and institutional interests. Community health resources should be used in the most efficient and EFFECTIVE manner within the limitations of economic resources.

Despite the assaults on the large manufacturers of ethical pharmaceuticals and the criticisms of their policies, it is very interesting to note that very few of their products appear on our drug recall lists. After reading these lists for many months, one cannot help but conclude that there is more to "QUALITY CONTROL" than meets the eye.

We at Hartman Pharmacy are firm believers in using the VERY BEST pharmaceuticals in filling all your doctor's prescriptions. When it is your health — THE VERY BEST is what you expect and that is what we use!

Rudolph R. Hartman

It's not how many friends you've won in life that counts, but how many you have left.

There's only a precious supply of this exquisite All-Occasion Gift Set of Worth's JE REVIENS (I will return) ...so be sure to order several...while there is still time! Imagine, a full eighth ounce of perfume, two ozs. of Eau de Cologne, made, packaged, and sealed in France ...truly a gift at only \$5!

Bride-Elect's Parents Announce Engagement To George F. Haver

MARCIA ANDREA MEHN
... Engaged

The engagement of Marcia Andrea Mehn, daughter of Mr. and Mrs. Hans Jacob Mehn of Oakland, Calif., to George F. Haver, son of Mr. and Mrs. Charles Jackson Haver of Hampton Road, Pasadena, has been announced by the bride-elect's parents.

Mr. Haver's grandparents are the Elmer J. Havers of Newport Beach, formerly of Pasadena, and Winslow F. Lawders of Laguna Hills, Calif.

Miss Mehn will be a senior in the fall at the University of California Santa Barbara and her fiancé, George F. Haver, who graduated from the University of Santa Barbara this past June, will begin graduate study. He is preparing for a secondary teaching credential and Master degree in history. He is affiliated with the California Zeta Chapter of Phi Kappa Psi fraternity.

Golden Wedding Anniversary For McKims

Congratulations to Raub "Bob" and Molly McKim of 240 San Gabriel Court on celebrating their Golden Wedding Anniversary.

On an August 1, 50 years ago, in their home state of Iowa, the just out of high school, teenage couple eloped to a neighboring town. Bob was "the boy across the street" and he and Molly had known each other since they were 8 years of age. Both Molly's and Bob's parents were agreeable to them eventually marrying, but they were against the early marriage. However, once the die was cast, the four parents welcomed the newlyweds with open arms and even sent them on to college, the University of Iowa.

The years between then and now have been filled with fun, ups and downs, the raising of three children — William, Susan and Janet — and just plain living. Both Molly and Bob feel that the most important contribution to a lasting marriage is a mutual understanding and the attempt at an honest and sincere effort. From this, greater love and understanding builds and builds and any problem can be met and solved.

Daughter, Susan and her husband, Nelson Darquea of Arcadia gave a family dinner party in honor of the McKims' 50 years of marriage. Champagne, flowers, deliciously prepared dinner, anniversary cake and gifts made a really appropriate evening for the honored couple. Among those attending the anniversary party were the McKims' son, William, from Stockton, and his wife, Dorothy McKim; Molly's sister, Mrs. Ann Strange from North Hollywood; Mr. Darquea's sister and husband, Mr. and Mrs. Alberto Alban and their son, Oscar, from Rosemead; and Susan and Nelson Darquea.

The McKims have resided in Sierra Madre approximately 10 years and are quite active in both community and social circles.

SYcamore 7-9634

This week I want to write a column for the parents of small children — good parents that love their children and are trying to guide them to be responsible young adults and an asset to their community. We all warn our children about the obvious dangers of the elements such as fire and water. We caution them and watch them to keep them safe from drowning in unguarded swimming pools. We tell them that they can be burned by playing with fire and we tell them that they can also burn.

In the last few weeks we have had several fires that are directly caused by youngsters playing with fire crackers in brush areas. I say firecrackers but the fires could just as well be caused by tracer bullets.

Very few children would intentionally set out to cause a fire but because of lack of foresight it is almost unbelievable to them that a small bullet or cracker could do anything more than hit a target or make a loud report as the case might be.

It is just as terrifying to a child that has started a fire as it is to a home owner that has his home threatened. The danger of fire in our hills is obvious because of our long dry spell. It is in fact so ferocious that the insurance companies are putting a surcharge for fire insurance in the foothill areas and in many areas it is almost prohibitive to insure homes against fire.

With this knowledge in mind it behooves every parent to once again caution their children, find out if they have come into possession of any fire crackers, or if the children they are

playing with have any, lest they become innocent accessories. There is no need to elaborate on the illegality of fireworks, or the danger of brutal injury because of a cracker exploding in a child's hand or face; these points go without saying. But, there is not one parent among us that wants his child to carry the burden of destruction because we did not take a little time to talk to them. Let's give the kids and our firemen a break!

This has been a week of birthday celebrations. Mrs. Robert (Melba) Hansen had a birthday the day after her daughter Jill's marriage to Mike Zundel.

Her twin sister Mrs. Warren (Millie) Alstrom had come over for the wedding from Boise, Idaho, so the two of them had a chance to re-cap the wedding and celebrate their mutual birthdays.

More twin's birthdays were David and Jim Snelinger. They celebrated their day by taking a few of their friends for an all day and all evening session at Disneyland. With them for the occasion were Peter Walker, Gary Ginsberg, and Eric Maurin.

Wendy Welsh, daughter of Mr. and Mrs. Jon Welsh chose the menu and decided that she would prefer to have a family type gathering to celebrate her seventh year.

In addition to her sister Robin, and brothers Tag and Peter she wanted to have the Robert Baldwins and their four children, Jim, John, Cathy, and Caroline, her grandmother, Mrs. Ruth or if the children they are

Mrs. Pat Bush To Return To Teaching In Fall

Mrs. Pat "Betty" Bush, who has been teaching at the Sierra Madre Community Nursery school for the past ten years, plans to return to teaching in the public schools this fall. Her last day at the Nursery School was August 1, when the summer session ended.

A graduate of Whittier College and the Brookings School of Education at Whittier College, Mrs. Bush, who has a degree in Early Childhood Education, taught kindergarten in Sierra Madre for many years prior to working with the nursery school, although she was a charter board member as a professional representative.

Pat, the former Mary Elizabeth Patterson, came to Sierra Madre when she was only three years old and has been here ever since, and in all that time has never been known as Mary Elizabeth—only "Pat" or "Betty." She and her husband, John, a stockbroker with Dean Witter and Company, have three children—John Jr., 19, who is in the Army; Norelee, a 14-year-old who attends Wilson Junior High, and Janet, 6, who attends Sierra Mesa.

The hobby of music seems to take up most of Pat's time. Besides singing in the Chancel Choir, she is the director of three Youth Choirs at the Bethany Church.

Mrs. Bush has contributed much to the Nursery School both as a parent and as a teacher and she will be greatly missed by the other parents and members of the board; however, she will continue to act in an advisory capacity to the Nursery Association.

Anyone interested in information about McCarthy's Mr. Robert W. Burnett is your man. He's McCarthy's Man in Sierra Madre; he is responsible for supplying the various precincts with information, data and what have you on McCarthy.

Alpha Gamma Summer Party

Invitations are in the mail inviting the San Gabriel Valley Alpha Gamma Delta Alums and their husbands to their annual summer party at the home of Mr. and Mrs. Lester Gautier, 1549 Meadowbrook, Altadena, on Friday, August 16.

Guests are looking forward to a swim and cocktails around the pool, followed by a delicious buffet dinner. Mrs. Frank Guchenski will assist Mrs. Gautier with the preparation.

News from the Myron Smith family on 225 Oak Meadow Road that their son, Greg, a USAF pilot, is presently stationed at Craig AFB in Selma, Alabama, with the rank of second lieutenant. He and his wife, the former Martha Hill of Alhambra, will be there until about December. The month of December also will mark a wedding anniversary for them. It will be just a year since their marriage in the Church of the Good Shepherd, Methodist, in Arcadia.

time on the station will be known as Vinn's Richfield Service and the new telephone number will be 355-9918.

Associated with Mr. and Mrs. Vinopal will be Gene Perry who has been at the station for the past several years.

The station will handle one of the best tire products on the market "Goodyear" and will supply you with tire service for any and all of your cars and trucks. The well-known Richfield Products will naturally be presented, including "Boron" the widely publicized motorizing gasoline.

Lubrication, oil changes and some accessories will be available at all times, and a call to this new number will make arrangements to put your car in perfect condition for your driving pleasure.

Mr. and Mrs. Vinopal are anxious to make your acquaintance, and extend to you a cordial invitation to drop in at the station on your next trip to town. They would love to meet you and ask that you always remember 355-9918 when your car is in need of good Atlantic-Richfield service. They will be ready to serve you.

Mann, her uncle Mr. Pete Welsh, and the Robert D. Ausherman family. It was a day of swimming and playing followed by a barbecue garden dinner.

Mr. and Mrs. Alan Wayne and their three children, David, Larry, and Marcia joined Mr. and Mrs. Kelly Stevens and their two children, Hillary and Kelly, Jr., for a week of family camping at the Stanford Alumni Camp at Fallen Leaf Lake near Lake Tahoe. They always come back so completely relaxed after this vacation as all of the meals are provided for them and there are plenty of activities planned to keep the children happy and occupied as well as activities for the parents if they care to join them.

Mrs. Joe Philipson and her daughter Jean took the most exciting trip of the season. They just returned from three weeks visit in Japan where they traveled with Hiromi Koyama and her family. Hiromi stayed with the Philipsons several years ago while she was going to school so it was like visiting a daughter.

They landed in Tokyo and stayed there for four days before going to Kyoto, where they were entertained by Hiromi's fiancée's family. They took them to see the temples and the famous Zen white gardens. By way of reciprocating Amy and Jean took the ladies to lunch and then to a steam bath and massage which is a real treat for

Villa Views by Toni

Japanese ladies. They left Kyoto and took a five day inland sea trip visiting many of the little islands and villages. They especially enjoyed their visit to Beppu which is the hot springs area of Japan. They went on to Hiroshima where they found a teeming modern city completely rebuilt. The only evidence of the destruction visited on it was in the museum. They have built a beautiful peace memorial there and that too was on their itinerary.

Following Hiroshima they returned to Osaka and then went to see the Ise Peninsula which is considered one of the most scenic places in Japan. When they were in Lake Hakone at the National Park they were fortunate enough to be there when there was a festival in progress. Their final four days were spent in Tokyo with Hiromi where they had her a last goodbye. Because of her and her family they were able to see things that the casual visitor would have no opportunity of seeing.

Their only problem on their return was to readjust to our time schedule. Joe said that they both wanted to turn the clock around for a few days, but that too passed and they are enjoying their trip again in retrospect.

Engaged Couple, Sally Wilson And William Crawford Set Date

MISS SALLY WILSON
... A September Wedding

The engagement of Miss Sally Wilson to Mr. William R. Crawford of Sierra Madre was announced last week by her parents, Mrs. Irene Wilson of Los Angeles and Mr. Hugh Wilson of Warren, Michigan.

Miss Wilson attended Franklin High School and graduated from Pasadena City College last year, with Administration Honors. She holds a permanent membership in Alpha Gamma Sigma. Born in Sterlingshire, Scotland, the Scottish lass, a naturalized citizen, came to the United States in 1958.

Mr. Crawford, is the son of Mr. and Mrs. Kenneth W. Crawford of 412 West Manzanita. The Crawfords originally came to Sierra Madre in 1962. Prior to serving in England with the United States Air Force from September 1963 to June of 1967, Bill attended Pasack Valley Regional High School in Hillsdale, New Jersey. He is presently attending Pasadena City College majoring in Business Administration with his sight set on becoming a stock broker.

The young couple plan on a September 7 wedding at the Passionist Fathers Monastery.

Tell your merchant that you saw his advertisement in the News. It will help maintain your newspaper on a higher standard.

Crib Crop

For Robert and Nancy Burnett of 75 N. Lima, the third one's a charm... a boy! Newest family addition was born before noon on Saturday, August 3 at St. Luke Hospital and weighed 7 pounds 13 ounces. He will be known as Jon Wesley Burnett. Even though Jon's oldest sister, 6 year old Kelley Anne wanted another sister, she is a good loser and is just as happy as Kimberley Jane (3½) who had her order in for a baby brother, about Jon's joining the family circle.

Maternal grandparents are Mr. and Mrs. O. K. Maxwell of Long Beach and paternal grandparents are Mr. and Mrs. H. H. Burnett of Newport Beach. The paternal grandparents got a chance to meet Jon when they delivered Kelley and Kimberley to Sierra Madre last Saturday. The two girls, who hadn't seen their brother yet either, had been visiting while their mother was in the hospital. What would we all do without the institution of grandparents?

Congratulations and good luck to all!

Sort of like perpetual

Fires For the Week Nos. 33 - 34 - 35

fighters, call us immedi-
ately when you need us, but
do not ask us to flit with
danger by a 'false alarm!'.
The alarm was sounded
for Fire Call No. 34 at 3:01
p.m. Sunday to a grass fire
located at 65 East Laurel to
property owned by the
Church of the Ascension.
Engine 422 answered the

Orchid Hobbyists Pot Luck Dinner

The August meeting for
the San Gabriel Valley Or-
chid Hobbyists will be held
in the Arcadia Park, corner
of Huntington Drive and
Santa Anita Drive, Arcadia.
This is a pot luck affair
which is at 6:30 p.m. and
regular meeting is at 7:45
p.m. on August 15.
The speaker for the meet-
ing will be Mr. Ralph
Spencer whose topic will be
"Tropical Plants Associated
with Orchids." Mr. Spencer's
talks are always interesting.
Members are urged to take
a plant for the sale table.
There will be no culture
class this month and no
visitation.

Engine 423 responded 43
seconds later, with Truck
422 and 421 answering the
call, water from the faucet
was used to extinguish the
burning and the firefighters
used the smoke ejector and
fumigator to clear the home
of smoke and smell.
Ten regular firefighters
and one reserve answered
the call and were dismissed
by Fire Chief Charles Brown
at 12:55, returning equip-
ment to the station.

First New Look In 20 Years For G.S. Leaders

Girl Scouts of the U.S.A. have issued a fashion bulletin announcing a brand new uniform for adults. Members and friends of the Sierra Madre Girl Scout Council will see the new look at a Flair Up For Fall, a fashion brunch to be held at the Civic Auditorium in Pasadena on October 1.

In 1963, when the Girl Scout program change was launched, the girls' uniforms were all updated. It is the first change in 20 years for Girl Scout women—volunteers and professional staff.

Over the 56 years of the Girl Scouts' existence, uniforms have included overseas caps, middies, bloomers and Norfolk jackets. Styles have generally been in line with those of the era—though bloomers caused quite a stir in the early days. Twenty years is a long time to wait between new dresses, but pleasing 600,000 women of every possible size, shape and taste with a range in age from 20 to 70 presents quite a challenge.

The new uniform is an A-line dress worn with bone-color gloves and scarf, and half-brim berets. The green dress becomes a uniform only when insignia, etc. are pinned on. There is a short-sleeved summer version and a quarter-sleeved winter one. All present uniforms, however, may continue to be used until worn out.

The new dresses are contemporary, casual, comfortable and durable to meet the changing needs of Girl Scout leaders. They are available at all Girl Scout Equipment Agencies.

From the

FIRE SIDE

By One of the Boys

Some of the boys around the fire station have been telling me that Joseph Grippi has had his feelings hurt, and hurt read bad . . . Seems that since Olga left town, no personals have shown up in the "Personal Column" . . . Well, Joseph, as I have said before, times are really getting tough all over, and truly I would like to help you out, but you see I have my problems too.

— SMFD —
Cadet Kaufmann of the Police Department, now has his instructions . . . The next time he punches the Electron at midnight and then says "Attention all Sierra Madre Firemen" . . . 10-22. We all know that 10-22 means cancel, and at midnight with pants on and shoes in hand it certainly would be nice to have him say "Thank You." I guess to help Cadet Kaufmann, win friends and influence people, he is going to do that next time.

— SMFD —
As an added inducement to friendship he might even say "miley nite all you nice firefighters, pleasant dreams" . . . Bet that would start some excitement in the fire stations in Arcadia, Monrovia and El Monte; those boys have their opinion of us anyway.

— SMFD —
Well, here it is next week and this is the time that I promised you I would tell you the secret of how Charley Peterson stays so young . . . Of course, Charley doesn't look young, but he sure has a lot of "young ideas."

— SMFD —
Charley Peterson is a great "patrol man" and he and his monitor radio can be found any place in the

valley where something "hot" is in progress. He is a "monitor" of everything that goes on for miles around.

— SMFD —
Of course, everyone knows that "Monitors" never grow old . . . their frequency just slips and their signal gets weaker and weaker. I'll never forget the Mutual Aid Fire at the lumber yard in Arcadia . . . Ole Charley was there . . . He was nosing out that fire, walking right down the middle of the street, passing up his own engine and men, didn't even recognize 'em . . . Had his eyes straight ahead, and much further down the street . . . Of course, it could be that he heard about that deal where the boys on that fire had to pay 25 cents per cup of water, plus tax, and he was headed for greener pastures.

— SMFD —
When Charley is called into action he is always there with just as much as any of them . . . And he keeps watching the big boys and he is learning . . . Just keep your eagle eye on him.

— SMFD —
All of us received quite a kick out of Mayor Ralph R. Rule . . . He has always had a hankering to ride the Fire Engine Code Three to a real honest to goodness fire. So after talking for four weeks and 8 days to Fire Chief Charley Brown he received permission to ride whenever he was available.

— SMFD —
Well, the Mayor has threatened to slam down the gavel if there was a fire during a Council meeting, and take off like a "Great Big Bird." To tell you the truth I have anxiously awaited that moment.

— SMFD —
Now I seriously have my doubts . . . Last week the Mayor was standing across the street when we had the grass fire at the corner of Baldwin and Sierra Madre Blvd. . . . He knew what was cooking, but he stood "frozen" to the spot . . . never got across the street.

— SMFD —
Later on I asked him why he didn't climb aboard . . . You know what his answer was . . . "I was afraid I'd fall out!" . . . No further comment by me.

Letters To the The Editor . . .

Dear Editor:
In light of President Johnson's proposals to save the U. S. economy, it was very interesting recently to hear the remarks made by Congresswoman Edith Green, relative to the Office of Economic Opportunity.

Before going into Mrs. Green's findings, however, it might be worthwhile to look at the programs outlined by the President to save our economy. First is the campaign to "See America First." Don't take American dollars abroad; don't vacation in Europe, or elsewhere overseas; keep your money in America.

Then, more recently, there was the campaign to charge the bad guys who went right ahead and traveled abroad—a travel tax. Then the sur-tax—ten percent more above and beyond the already heavy load carried by the over-burdened taxpayers.

Many felt that none of the above was a sensible solution to the country's economic problems. Many felt and do feel that the government could best save the United States economy by spending less. Naturally, many people felt that the Office of Economic Opportunity was one area in which spending cuts should definitely take place, especially so much of the funds being distributed through this office were finding their way into the coffers of the Communists and their dupes—the rioters.

But the apathetic Americans must not be overly concerned. Some of their tax dollars must be doing some good. Sure enough, Edith Green has discovered that some of the OEO funds—your tax dollars—are being used to finance trips abroad for the select "poverts" (victims of poverty), while other of your tax dollars are being used to finance an anti-European travel campaign.

Sure makes sense, doesn't it?
Help save our economy. Abolish the OEO.
Yours truly,
—Richard E. Woodin.

53 N. BALDWIN IN SIERRA MADRE

This Gas Company employee is a friend of the family--

yours

He's ready to serve you. He's highly trained. He's good at his job. That's why he works for us.

And his job is becoming more important all the time. We're an investor-owned company. And that's like having two employers. You have to satisfy your customers, the people who buy your service, by being efficient. And you have to be efficient to satisfy your owners. For they're the people who invest in your business and make the service possible.

This means we work hard to give the best possible service, at reasonable rates. Investor ownership is that "extra step"—why we have servicemen who are extra courteous and skillful, as well as being efficient.

It's the reason we look for economies in every way possible and have been able to reduce gas rates six times in the last five years.

It's also one of the reasons our business is growing. And how!

TIME OF HEARING
THEREON

NOTICE IS HEREBY GIVEN that on the 5th day of August, 1968, there was filed with the undersigned, City Clerk of the City of Sierra Madre, California, an assessment to cover the sum due for the work and improvement done and performed by the contractor under and in pursuance to the provisions of the Improvement Act of 1911, reference being made to Resolution of Intention No. 2307 of the City Council of the City of Sierra Madre in the matter of the construction of Improvements in Assessment District No. 38, adopted the 25th day of April, 1967 for the description of said work and improvement, and of the district to be assessed to pay the costs and expenses thereof; said assessment being made pursuant to

LEGAL NOTICE

the provisions and requirements of said Act, according to the character of the work done, and has attached thereto a diagram of said district as required by said Act.

Said Assessment shows the amount to be paid to the contractor for said work and improvement contracted for and performed, together with all incidental expenses, and shows the amount of each assessment against each lot or parcel of land assessed to pay the same.

NOTICE IS HEREBY GIVEN that the 10th day of September, 1968, at the hour of 7:30 p.m. is the time fixed by the undersigned City Clerk of the City of Sierra Madre, California, for hearing any written appeal claiming that any portion of the work for any reason was omitted or illegally included in the contract or having or making any objection to the correctness of the assessment or diagram or other act, determination or proceeding of the Superintendent of Streets or engineer. Any appeal must be in writing and must be on file in the office of the City Clerk prior to the day herein fixed for hearing. The place of hearing is the regular meeting place of the City Council of the City of Sierra Madre located at 33 W. Sierra Madre Boulevard, Sierra Madre, California.

Art Exhibit At Altadena Fed.

In keeping with similar Association events of recent years, Altadena Federal Savings has announced that a new art exhibition is currently taking place at its head office. The display reflects a representative view of the works of Patricia Tarbox, well-known California artist.

On exhibit in the lobby of the office at 2246 N. Lake Ave., Altadena, are a group of contemporary paintings which accent the peoples and lands of Latin America, with particular emphasis on Mexico. Among the renditions are: "The Fishmonger of Puerto Valarta," "Collection for Widows of Matadors," "Guanajuato," "Andean Family," "Flower Vendor of Lima," "Procession," "Boy with Parrot," "Mexican Blue Boy With Bird," "In the Flower Market," a collage, and "San Blas," a water color.

The artist graduated from the University of California at Berkeley with an AB and MA in fine arts. A Pasadena resident, she has taught art at the high school and adult educational level.

SIERRA MADRE NEWS—7

News From Your

COMMUNITY HOSPITAL

On Tuesday, August 6, Mrs. Clara King, the wife of the hospital pharmacist, Ambrose King, was admitted to the Sierra Madre Community Hospital as a medical patient.

Mr. James R. Mager, a Sierra Madiran from 166 E. Highland Ave., was admitted to the Sierra Madre Community Hospital as a medical patient on Aug. 4.

Other Sierra Madireans, Mr. and Mrs. Peter Ramas, welcomed their eighth child on August 7. When Laura Ann, who weighed 9 pounds 10 ounces at birth, goes home from the Sierra Madre

Community Hospital, the greeting committee will consist of her seven brothers and sisters.

On August 8, Mr. and Mrs. Hal Whitfield welcomed a 7 pound, 2 ounce baby boy into the world. When Steven Charles leaves Sierra Madre Community Hospital to go home to 640 Mariposa Ave., he will meet his 3-year-old brother, John and 15-month-old sister, Anne.

Mr. William Vickers of the British Home was admitted to the Sierra Madre Community Hospital as a medical patient on July 31.

Shakespeare Club Potluck, Aug. 21

The Shakespeare Club Juniors of Pasadena will hold an afternoon swimming party and potluck salad luncheon Aug. 21, at the home of Mrs. Jeanne Stump in Arcadia. Liquid refreshments will be furnished by the Sports Committee of the club, whose chairman, Mrs. Marnie Norvell, is now accepting reservations, assisted by Mrs. Stump.

This luncheon will be the last club function before the start of another school year and will be attended by many club members, including the recently installed president, Mrs. Pat Shanks.

Salary Increases Given By City

in the remaining 11 months of the fiscal year. However, the increase, not contemplated in the current adopted budget will be covered by an additional \$19,900 in cigarette tax revenues, Boehm said.

Contained in the recommendations are provisions for "incentive step increases" for police, fire inspection and public works positions. In these categories, additional 5 per cent increase has been authorized to be awarded after employees complete additional formal class work or intensified on-the-job training.

A position of Accountant-Administrator Aid at range 47 was added to the survey and approved by the Council, who then passed Resolution 2434 making the increases in salary retroactive to August 1.

The Council then retired to a Personnel Session and emerged with a motion that the City Clerk and City Treasurer both be given a raise of \$50 per month.

Consideration and discussion was then held on salaries for City Councilmen as recommended by the State of California, it being \$150 per month, only effective after being duly passed and approved and passing a City General Election. If approved it would not become effective until after April 1970.

An ordinance will be prepared and presented at the Council meeting of August 27th for first reading.

Trucking Big Business

Each year the trucking industry buys nearly five million gallons of paint, 176 million pounds of lead, 26 million gallons of antifreeze and 21 million tires.

Trucks Pay Taxes

One out of six vehicles is a truck and trucks each year pay over one-third of all highway user taxes. In 1966 this amounted to about \$4.2 billion.

You and Your Neighbor

by NANCY BRYAN

George Grijalva took wife Elsa and three boys, Dewey, Mark and Daniel to Big Bear last week for a few days of R. and R. "Rest and Relaxation." It rained intermittently and even hailed once during their stay, but they still had a very nice time.

— ☆ —

It's really been a family time for the Harry Lange family. Daughter Joyce Westernman drove down from Auburn, Calif., with her three children, 11 year old twins, Eric and Lisa and 7 year old Sara, for a visit with family and friends. Husband, the Rev. Ronald Westernman joined the fam-

ily here last Friday. He had been in New York serving as Chaplain in the Reserves. They will all stay a while longer before returning north.

— ☆ —

A family birthday barbecue was held last Friday evening in honor of Doug Delahook's birthday. As you can imagine, there were lots of people attending as there is lots of family. Happy belated birthday, Doug! The Langes, the Delahooks, the Westernmans. Happy belated birthday, Doug!

Support your Churches by attending every Sunday at the Church of your choice.

SPORTS AS Hank Ives SEES IT

WONDERING ABOUT THE SPORTS RIALTO FROM MINNEAPOLIS... Hot and humid but the populace still digs the Twins and goes wild over the Vikings.

FROM CHICAGO... Hot and humid and it doesn't take long to forget some of the greats who earned the top honor roll as most valuable players in the College All-Star football game. The first year it was Cecil Isbell, Purdue halfback. That was in 1938. Amby Schindler, USC fullback was the first West Coaster to gain the honor in 1940. Crazylegs Hirsch, then of Wisconsin was tagged in 1946. Remember Choo Choo Justice of North Carolina? He won it in '50. John Brodie of Stanford became the second from the coast in 1957. The only other West Coast winner was Bill Kilmer of UCLA in 1961.

Just thought I would jog your memories. IT WOULDN'T BE SURPRISING to see the Chicago White Sox move their franchise to Milwaukee. It's hot and humid there too.

FROM PHILADELPHIA... Hot and humid and has-ketball in August. The Charles Baker City League features many, many stars of the NBA and ABA plus new draftees. Bill Bradley scored 29 in his debut. Earl "The Pearl" Monroe set the season high total of 64 playing on the same team with Larry Miller, who has signed with the Los Angeles Stars.

FROM DETROIT... Hot and humid and the locals here are going crazy over their pennant prospects. To a baseball loving fan there is no doubt that the Tigers will win the American League race, dispose of St. Louis and Danny McLain will win 30 games.

FROM ST. PAUL... Hot and humid. Locals think the Twins' chances went down the drain with Killebrew's injury at the All-Star game.

FROM LANCASTER, PA. Hot and humid. And why does it always rain when a visitor gets out on the golf course?

FROM MINNEAPOLIS... Hot and humid. You've got to love the new coach of the transplanted Pipers of the ABA, one Jim Harding. After all, he played ball at Iowa on the same team with a feller named Dick Ives. (Nope, no relation.)

FROM LOS ANGELES... Hot and NOT Humid. Ain't that smog grand?

BACK IN TIME to note that tickets for Thursday night's San Gabriel Valley All-Star prep clash can be purchased at the gate for \$2.50. That's some kind of a bargain for this mid-summer classic. I'll settle for a game just like the first two that ended in 29-26 and 14-7 victories for the West over the East.

Four new players have been added to the respective rosters. Pasadena's Bruce Rosenthal and Blair's Charles McKinley have replaced Gerald Pierre and Glen Priest for the West. Al Seville of Pomona and Jack Thomas of Ganesha, take over for injured Doug Kaufman and Steve Russi.

Pasadena athletic director and head grid coach, Tom Hamilton, will be doing the public address announcing John Strycula, who open at QB for the East, and guard Delton Lewis of Blair, both played in the recent North-South Shriners Game at the Coliseum.

PREDICTION DEPART-MENT... The West will again triumph by a 20 to 14 tally.

ODDS AND ENDS... Isn't it ridiculous to build

Welcome Given

keeping and her guidebook "How To Be a Chairman" has been a boon to volunteer committee people throughout the nation. She has been an active member of the PTA and assistant to a unit director of Walt Disney Studios.

Toy Loan plans expanded activities in its service to children under the leadership of this able success to Mrs. Margaret A. Fling, recently retired director, who has brought the Toy Loan program to its present high status in Los Angeles County.

The local toy loan center is located in the city park, and is sponsored by the Sierra Madre Civic Club.

Take your problems to CHURCH this week -- millions leave them there!

To Train A Child

Mommy, I love you.
I'm glad I'm alive.
It's fun to run and play and laugh and dance.
It's hard to stand still and listen.
Mommy, I love you.
Thank you for taking care of me. Thank you for cookies and milk and bread.
Please give me a dime for Sunday School. I like Sunday School. We sing and laugh and learn about God.
Mommy, I love you.

And so on and on she prattles in her own innocent and naive way. Soon, however, her questions will become more complex and her parents will need all the love and wisdom they can obtain.

Fortunately, we as parents are not alone in this endeavor. The Church stands ready and anxious to help us train our children. Through worship, study and meditation we can learn to know what God requires of us. Come to the church of your choice this Sunday and every Sunday.

Day	Book	Chapter	Verses
Sunday	Chronicles	22	6-16
Monday	Psalms	143	5-12
Tuesday	Isaiah	30	8-18
Wednesday	Corinthians	13	1-13

THE CHURCH FOR ALL... ALL FOR THE CHURCH
The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

With the hope that it will, in some measure, foster and help sustain that which is good in family and community life, this feature is sponsored by the business firms and organizations whose names appear in this space.

IT LOOKS LIKE it must be fun to give away two million Blue Chip Stamps from the smile on the face of N. H. Bolstad, president of Shopping Bag Food Stores. To celebrate the completion of the first year as a grocery chain, Shopping Bag initiated a Birthday Bonanza drawing and contest with Blue Chip Stamps as the prize. Miss Sherry Hooker acted as hostess and selected the winners in selecting from thousands of entries. She is pictured showing the winning ticket of Mrs. Viola Chase of Alhambra, who won the first prize of one million stamps, to Mr. Bolstad and Paul N. Crossland, who is a member of the firm of Alexander Grant & Co., Certified Public Accountants.

A Lot of Lickin' For 1-Million Stamps

It takes a lot of stickin' and lickin' to glue one million Blue Chip Stamps in books, but Mrs. Viola Chase of Alhambra is enjoying every minute of her task. She was the grand prize winner in Shopping Bag Food Stores' Birthday Bonanza. She received her winnings from Dietrich Quiring, manager of the Shopping Bag market at 300 W. Main St., Alhambra.

Mrs. Chase's family of four children and ten grandchildren have all volunteered to help her with this mighty task. As a resident of Alhambra since 1941, Mrs. Chase is well known in the area. She is employed by the W. T. Grant store in Alhambra and spends her free hours gardening in her big yard. Although Mrs. Chase was the grand prize winner, there were also 105 other winners throughout the metropolitan area. The winner of the 250,000 Blue Chip Stamps was Mrs. A. Hansen of Burbank, while Anna Klemm of Pico Rivera was the recipient of 100,000 Blue Chip Stamps. The other three big prize winners were: Mrs. C. Parks of Glendale, 75,000 Blue Chip Stamps; Dot Wallace of Glendale, 50,000 stamps; and Elsie Larow of Glendale, 25,000 stamps. There were also 100 winners of 5,000 Blue Chip Stamps spread throughout 37 Los Angeles and Orange County communities. The names of these winners are posted in the Shopping Bag markets.

Shakespeare Units Set Meeting Date

The Philanthropy and the American Home Departments of the Shakespeare Club of Pasadena will meet at the home of Mrs. Calvin L. Elliott on Montrose Ave. in South Pasadena on Thursday, August 15, at 11 a.m. for a salad luncheon. Swimming and bridge will also be enjoyed by the members.

Honored guests will be Mrs. Harold D. Wiener, president of the Shakespeare Club; Mrs. Walter L. Benedict, vice president; Mrs. Anderson C. Ong, director of the Philanthropy Department; and Mrs. Theodore B. Miller, director of the American Home Department.

Telephone reservations may be made with Mrs. William F. Hibbard, Mrs. Jack C. Lansing, or Mrs. Robert L. Law, by the previous Monday.

SCRATCH PADS

Mexican Festival Cruises

from LOS ANGELES on the
big ship **STATENDAM**

Holland-America Line has scheduled eight short sweet cruises from Los Angeles. The price is easy and the trip is perfectly balanced to give you the right time in the right ports and just enough sun and sea in between.

The first cruise sails December 6, 1968 for 9 Days and calls at Manzanillo and Acapulco. Rates range from \$370 to \$910 with No Tipping.

There are also seven 11-day cruises calling at Mazatlan, Manzanillo and Acapulco at rates from \$450 to \$1110 with No Tipping. Two cruises sail in 1968 on December 16 and December 28 and five more cruises leave in 1969 on January 9 and 21, February 3, and March 17 and 29.

The s.s. Statendam serves as your resort hotel throughout the cruise. No need to bother with baggage transfers.

SAFETY INFORMATION: The s.s. Statendam, registered in The Netherlands, substantially meets International Safety Standards for new ships developed in 1960.

Letters To The Editor . . .

Dear Editor:

Now that the gun alarmists have practically recovered from wringing their hands and their crying spell, we can once again look at gun control objectively and searchingly without emotion and hysteria.

Bolled down to simple facts, the rigid gun control law recommended by the President was aimed at leaving **only** the government with guns — despite the Constitution! The "right to bear arms" was provided for in the Constitution since there could never have been an American Revolution if the public had not been permitted to bear arms.

Criminals are just not going to be registered and fingerprinted to obtain guns.

—C. C. Moseley

Non-discriminatory Hiring By Transit District Continues

An affirmative action program to guarantee minorities consideration for employment during the Rapid Transit construction period was announced today by Southern California Rapid Transit District.

The action policy was ordered drafted by RTD directors and reaffirms the District's long-standing, non-discriminatory hiring practices.

In noting that the affirmative action program will be operative during the Rapid Transit construction period, RTD president Don C. McMillan said "it has always been the policy of the RTD that persons seeking employment and persons accepted for employment shall be considered without regard to their race, color, religion, ancestry, or national origin."

McMillan added that a non-discrimination clause — incorporating federal and state provisions — has been a part of all the District's Rapid Transit planning contracts.

At the same time the Rapid Transit District said it will propose legislation to appropriately provide for the relocation of residents displaced by Rapid Transit construction where fair market value would not allow for the purchase of a comparable home.

Similar legislation affecting homes in freeway construction areas has been signed into law.

RTD Director Kermit M. Bill, vice chairman of the Rapid Transit Planning and Finance Committee, made the motion for the affirmative action policy as directors concluded a public hearing on the District's Final Report recommendations for first-stage Rapid Transit and new and augmented bus services.

Following a staff report on community response to the Final Report route recommendations, the District Board authorized modifica-

tions to be incorporated in the route alignments to be considered for final adoption August 20, including:

— Realignment of the Wilshire Corridor subway route to bypass Beverly Hills High School, operating in subway beneath Wilshire Boulevard and Santa Monica Boulevard, instead of traversing from Beverly Drive along a route beneath the school grounds.

The Rapid Transit station at Avenue of the Stars and Constellation Avenue would be moved to Constellation Avenue and Santa Monica Boulevard under the revised alignment.

— Revision of the San Fernando Valley Corridor routing along Chandler Boulevard — between Fulton Avenue and Van Nuys Boulevard — to provide for an alignment, instead, along the Southern Pacific right-of-way.

The Fulton station would be relocated from Chandler Boulevard to the railroad right-of-way. There would be no stations at Burbank Boulevard.

At the same time the RTD Board requested the addition to the Master Plan Concept, for evaluation and consideration for later extension, a loop providing a link along the North side of the San Fernando Valley in the vicinity of Devonshire.

— Incorporating in final routing adoption a minor modification of the parking lot and bus access area in the vicinity of the Rosemead Boulevard station in the City of Rosemead.

The District Board also invited communities in Western San Bernardino County, to explore possible annexation — which must be initiated by the communities so desiring — as a possible way to expediting Rapid Transit service in to the area, including a line to Ontario International Airport.

C & SSA to Hold Regular Meeting

The San Gabriel Valley Cactus and Succulent Society will hold its regular monthly meeting in the Lecture Room of the State and County Arboretum, Arcadia, Wednesday, Aug. 21, at 7:30 p.m. We are pleased to have Nick Bokarica, one of our members program for us. Nick's illustrated presentation is titled "Native Cactus Plants—Some 20 Years Back." It will be most interesting to see flora and fauna of California as it was in earlier collecting days.

Nick and Orva, his wife, are long-time board members and officers of the Cactus and Succulent Society of America, Inc. Orva is the current treasurer.

Members, their friends and guests are cordially invited to attend this nostalgic program, without charge.

Tell your merchant that you saw his advertisement in the News. It will help maintain your newspaper on a higher standard.

CARROT TOP

into everything from cradle to grave, more honesty, integrity in office, more thought and consideration to the lowly, downtrodden taxpayer." Why not just one? . . . It sure would be a difference, wouldn't it?

—CT—

And of course, I fully believe in Don Jackson when he made the following remark the other day: . . .

"Many a man OWES a large part of his success to the Bureau of Internal Revenue."

—CT—

All this talk about registering guns, that it will stop crime and all that rot. Well, did you ever think that you do not need a gun to rob a bank nowadays. All you need is a BankAmericard or Master Charge plate, and there are a lot of guys who have this one down to a profession.

—CT—

Betty Stuart of Clardon Deli was having a friendly discussion with one of her customers the other day, when suddenly the customer dropped head a little and solemnly announced, "Did you know that my married daughter is having an affair?" "Is that so," stated Betty . . . "Who's catering it?" . . . These days business is business, and each of us must look out for the hole in time.

—CT—

Ralph Hurwit and Ann find time each week to play a little golf . . . Of course, Ralph is the type of golfer who blames fate for all accidents, but feels personally responsible for a hole in one.

—CT—

I believe more what Chief of Police Jim Zurcher said the other day. . . "Man is like a lamp wick . . . trimmed lots of times before he gets the right flame."

—CT—

Well, this is enough of this type of foolishness, must stop before Jane Hardy throws herself out of joint again, so . . .

—CT—

I'll close up this week's column with the following remarks . . . "When more of the people's sustenance is exacted through the form of taxation than is necessary to meet the just obligations of government and expenses of its economical administration, such exaction becomes ruthless extortion and a violation of the fundamental principles of free government." . . . Keep you eye on the conventions, I hope, I hope, I hope.

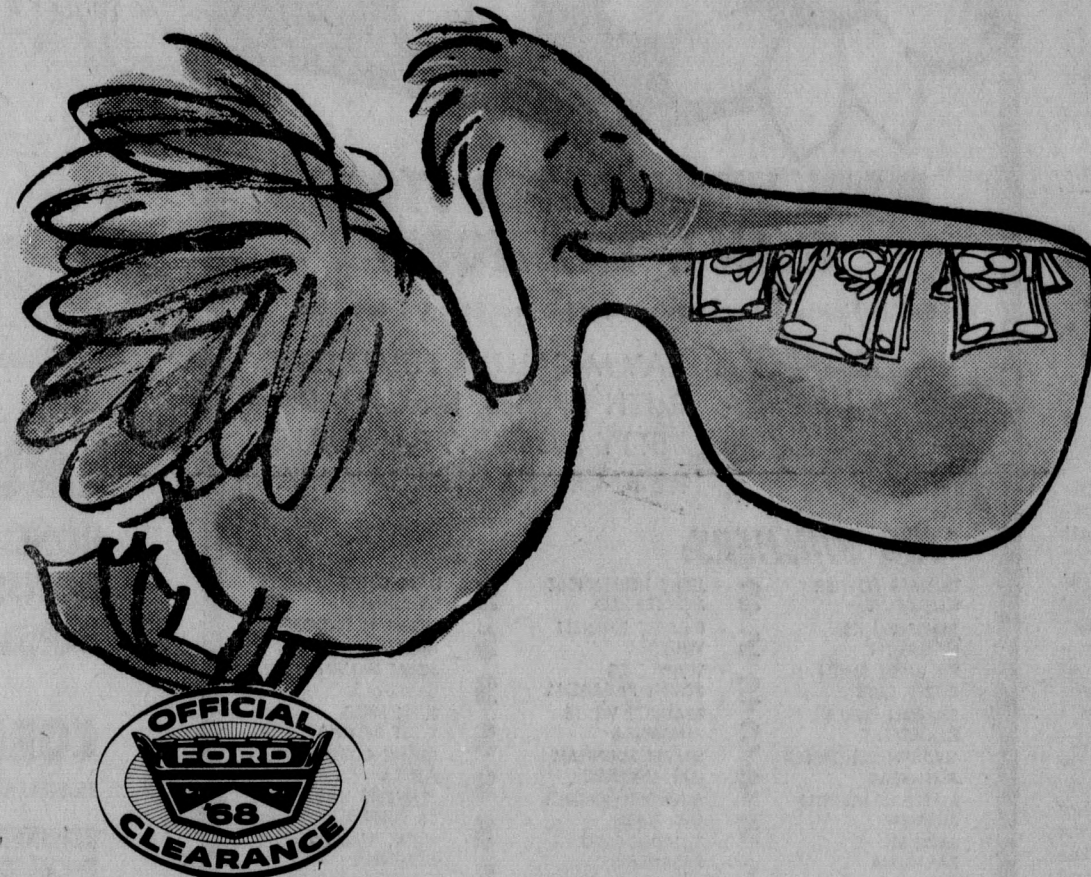

Resurfacing Set For Pasadena St.

A \$1,700 highway resurfacing project on a 1,300-foot section of Sierra Madre Villa Avenue north of New York Drive and adjacent to Hamilton Park has been scheduled by the County Road Department.

Supervisor Warren Dorn said the work is slated to begin this week.

Pvt. Van Ness Now In Germany

Army Private John C. Van Ness, 17, son of Mr. and Mrs. Robert G. Van Ness, 36 Mira Monte, Sierra Madre, was assigned July 27 to the 3rd Infantry Division near Schweinfurt, Germany, as a rifleman.

Sierra Madreans On Dean's List From Berkeley

Almost 5,000 undergraduates the University of California's Berkeley campus have made the Honor List, placing them in the top of the undergraduate student body in academic performance.

The list, based on work the academic year, includes all students who have completed at least one semester at Berkeley and have a grade average of "B" or better for all work undertaken.

Honor students are named by the deans of the various schools and colleges. The list corresponds to what is often called the "Dean's List" at other institutions.

Among the 4,997 students named are Kristin Stark Brown and Robert Tenney De Vault of Sierra Madre.

Neighbors

Miss Rorby Jordan, 14-year-old daughter of Hal and Juanita Jordan, left via jet last Sunday for about a two-week visit with relatives in Stillwater, Okla. Her brother, Rick, is one of the five young men touring the U. S. in a converted plumbing truck, "The American Dream."

Speaking of "The American Dream" . . . the crew of five and their vehicle have really covered quite a bit of mechanically "trouble-free" miles. Right now, they are somewhere near Richmond, Virginia, if not within the city limits. The five are: Rick Jordan, Scott Couchman, Al Mondrof, John Coyle and Greg Sheppard. You really have to hand it to the boys. Hope they continue to have a marvelous time.

The Little League Picnic held in Sierra Vista Park on Sunday, July 28 was apparently a huge success. Later in the day, two enthusiastic, if not professional, mothers' softball teams vied for honors. It was the Minor and Colt League Mothers at Heasley Field pitted against the Major and Pony League Mothers in a spirited game which saw three innings played in the rain . . . The final score 15 to 12 with the Minor and Colt League Mothers taking the honor. Manager of the winning team is Marie Sullivan while Alice Bohler is the manager of the Major and Pony League Moms.

To Sponsor Photos & Mounts

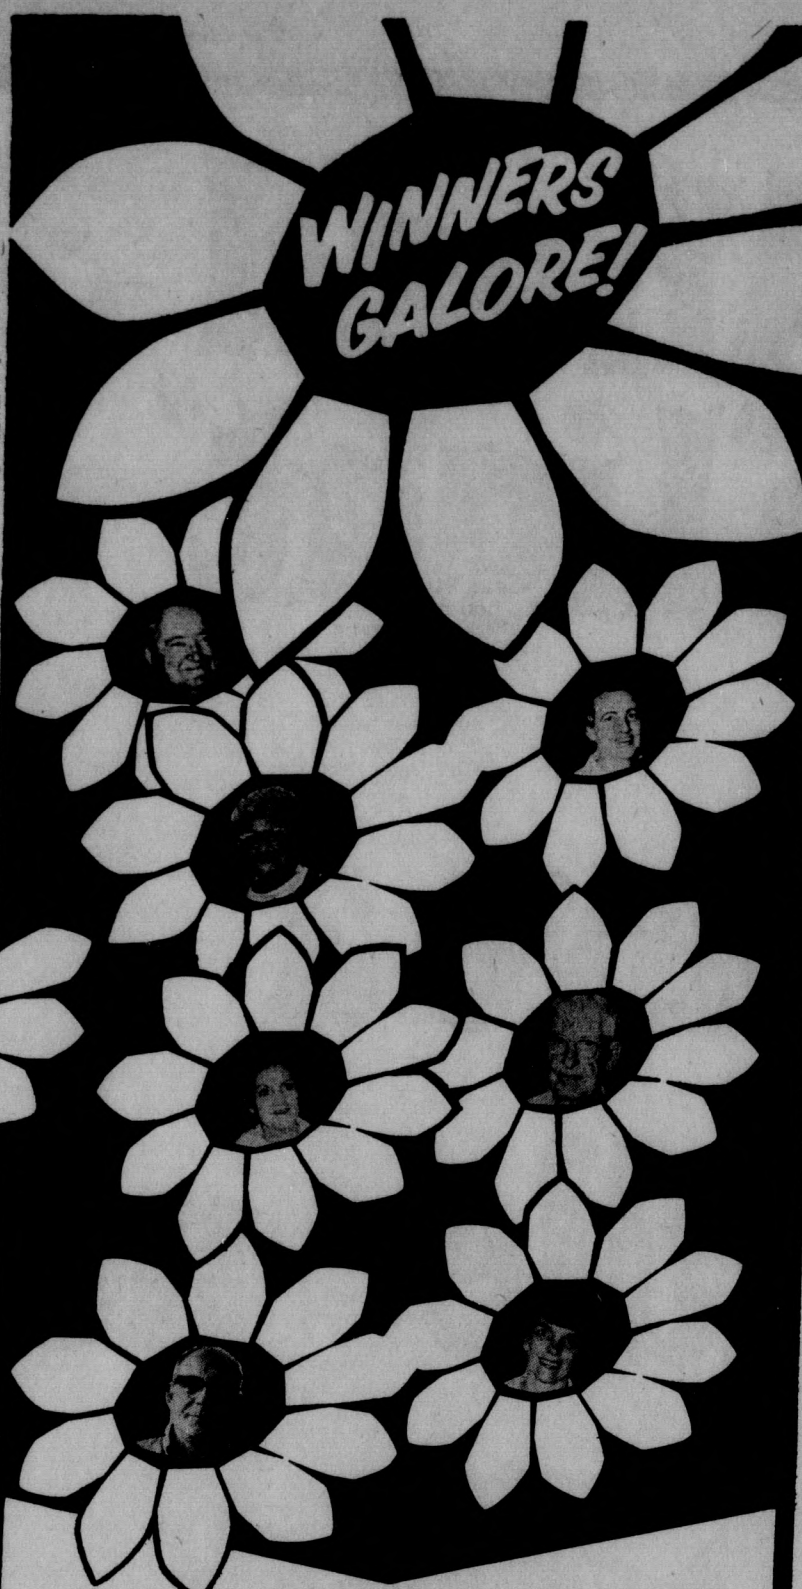

The Sierra Madre Public Library is sponsoring, to August 26, four displays of contemporary photography. Unusual photos and mounts by Jim McCrary, Tom Kregel, Steve Salislian Jr. and Norma Rannie are on exhibit.

The artists are of very high caliber. Mr. McCrary, a former resident of Pasadena whose paper reinforcement series is shown, uses a Milkon camera. Mr. McCrary is now employed by the Graphic Department of A. & M. Records, following his studies at PCC and the Los Angeles Art Center.

A Sierra Madre artist, Mr. Kregel received his BA from the University of Oklahoma and his MA from Cal State at Los Angeles. He is a distinguished teacher, having taught drawing, painting and design at PCC, Pasadena Art Museum, the Creative Arts Group, the Goodwin School of Pasadena and the Frohne School of Alhambra.

Mr. Salislian's developing techniques include line resolution and negative and print solarization. His equipment is a Pentax (35mm.) and a Rolleiflex (2 1/2 x 2 1/2). In addition to receiving his BA and MA from Cal State at Los Angeles, Mr. Salislian studied photography at PCC and engaged in graduate work at USC and San Jose State. Currently a Pasadena resident, Mr. Salislian will be teaching ceramics and sculpture at San Jose City College, 1968-69.

Mrs. Rannie, a Sierra Madreen, attended PCC. Her equipment for her effective display includes a Pentax (35 mm.) and a Rolleiflex. The Sierra Madre Public Library is proud to exhibit the works of such respected artists and encourages everyone to partake of the display.

LEGAL NOTICE

NOTICE TO ASSESSEES

The assessed valuations on properties listed below have been changed. The new valuations were not available for inclusion last week with the publication in this newspaper of other real property assessment changes.

The market value of each parcel is also being published. If the assessee disagrees with this valuation, he is urged to contact his regional office for an explanation of the appraisal, or for any other information regarding his assessment, or assessments in general.

Applications for an equalization hearing before the Assessment Appeals Board must be filed between July 15 and September 15, 1968, in room 8-93 of the Hall of Administration, 500 W. Temple St., Los Angeles, or in any Assessor's Regional Office. Applicant will be notified of his hearing date.

Philip E. Watson

'In Quiet Corners' To Be Sermon Of Rev. Stevens

Rev. Margaret M. Stevens, minister of The Santa Anita Church, 226 W. Colorado Blvd., Arcadia, will speak on August 18, at 9:30 a.m. The title of her sermon-lesson will be "In Quiet Corners." The public is cordially invited to participate. This is a non-denominational church. Infant and child care is provided during the service.

After a 15 minute worship service in the sanctuary, children from pre-school through tenth grade go to their graded classes. High school youths and young adults hold their meetings on the first and third Sundays at 7 p.m.

Thursdays at 11 a.m. there is a class in successful living led by Rev. Stevens to which all women are invited. There is a time of service before and after the class. Rev. Stevens invitation says: "Bring a sandwich and plan to stay to be with this fine group of women."

The Ethel Barnhart School from kindergarten through eighth grade, has applications available for the 1968-69 school year. There will be a summer session from August 19 - September 13, from 8:40 to 12 noon. Inquiries concerning the summer session may be made by calling 446-8206.

Rev. Stevens says: "Dial-for-Prayer, 447-6162, and Youth Tele-Truth, 446-2333."

Tell your merchant that you saw his advertisement in the News. It will help maintain your newspaper on a higher standard.

Rev. R. Bason Guests Again

The Reverend Robert W. Bason will be guest preacher at Sierra Madre Congregational Church on Sunday, August 18, for the 11 a.m. worship service. Paraphrasing a popular publication, Rev. Bason's sermon topic will be, "Yes, Jill, There Is a Jesus." In this case, Jill, six year old daughter of Mr. and Mrs. Merton Williams, will share the podium with the minister who will be seated informally in a chair, talking to the young parishioner.

Using as his format the letter by Francis Pharcelus Church, "Yes, Virginia, There is a Santa Claus," first printed in the New York Sun September 21, 1897, Rev. Bason says, "Yes, Jill, there is a Jesus. Your little friends are wrong. They have been caught in an age in which more than ever before, men claim to be wise, but actually their minds are darkened and their thinking is futile. And your friends have listened to today's wise men who are following no star, Jill, because seeing they did not believe, and disbelieving they no longer see."

Church school classes for kindergartens through adults will be held at 9:30 a.m. Child care will be provided during the worship service.

Tell your merchant that you saw his advertisement in the News. It will help maintain your newspaper on a higher standard.

Support your Churches by attending every Sunday at the Church of your choice.

New City Hall

creation buildings, the corporation yard, a Teen Center, the community water system, Library, the improvement of alleys and non-select system streets, acquisition and development of new parks and completion and upgrading of existing parks, among others. Recommendations on identifying these needs, establishing their priority, and financing will be brought to your Honorable Body as early as possible. In the meantime, the need for work to begin on a new City Hall at the present time is paramount.

The City Administrator has been instructed by the Committee to investigate methods of financing a new City Hall and related facilities and it appears that such a project will be financially feasible. We therefore make this recommendation in confidence that the means are available or can be readily found.

Respectfully submitted,
Mayor Pro Tem Robert C. Hartman
Councilman John N. Simons

Tell your merchant that you saw his advertisement in the News. It will help maintain your newspaper on a higher standard.

Truck Taxes Reported

Annual state and federal highway use taxes for a typical heavy truck range from \$1,581 for a three-axle tractor-trailer (40,000 pounds gross vehicle weight) to \$3,200 paid by a five-axle tractor-trailer (72,000 lbs. GVW).

Arthur L. Ferris Re-elected President Of Library Board

Arthur L. Ferris was elected to the presidency of the Board of Trustees of the Altadena Library District for his second term at the Board's first meeting of the fiscal year. Mr. Ferris, president and general manager of Altadena Federal Savings, was first elected to membership on the Library Board in 1964 and was re-elected in 1967. In that year he also assumed the board presidency for his first term. At the meeting, board members also elected Nicholas E. Diverex to the post of secretary. Mr. Diverex is library supervisor at the Jet Propulsion Laboratory.

Two new members, Sam M. Soghomonian and Elizabeth S. Brill attended their first board meeting. Both were elected to membership during the recent June election. Also in attendance, and completing the five-man board, was the senior member, Robert McWilliams.

Mr. Soghomonian is a political science instructor at Pasadena City College and for 13 years taught social science at Eliot Junior High School. As a member and past president of the Exchange Club of Altadena and the Pasadena Education Association, he has been awarded many honors for distinguished service. He also has been honored by other groups. In 1965, he received the Pasadena Bar Association's first Liberty Bell Award, an annual honor bestowed upon the citizen who contributes the most to the understanding

mother. He is a native of Southern California and for the past 18 years has resided in Sierra Madre with his wife and 3-year-old son, Rusty.

In 1962 Douglass was one of three young men selected to represent the Los Angeles City Hall's American Legion Post at California Boy's State in Sacramento.

Bible School Begins Monday At Faith Lutheran

Commissioning of 25 teachers and helpers at the 10 a.m. Sunday service at Faith Lutheran Church, 845 Hastings Ranch Dr., Pasadena, will serve as a prelude to the start of Vacation Bible School on Monday, August 19 at 9 a.m. at the church.

The schools, designed for children from kindergarten through the eighth grade, will continue for two weeks. Children may enroll Sunday following the worship service or on Monday morning at 8:45 a.m.

During the worship service, Donald Hingst, minister of education and youth, will address the congregation on the topic, "Blessings from the Good Shepherd," based upon the 23rd Psalm.

Youth activities for the week include a Zone Sport Night on Sunday evening at 5:30 in Mamliton Park, and a swimming outing on Wednesday evening at 6:30 o'clock.

Lesson-Sermon Sunday, Aug. 18

"The Lord God is a sun and shield: the Lord will give grace and glory; no good thing will he withhold from them that walk uprightly." These words from Psalms are the Golden Text of this week's Christian Science Lesson-Sermon titled "Soul." The Lesson-Sermon is the same in all Christian Science churches throughout the world.

One of the related passages to be read from the denominational textbook is the following: "Knowing that Soul and its attributes were forever manifested through man, the Master healed the sick, gave sight to the blind, hearing to the deaf, feet to the lame, thus bringing to light the scientific action of the divine Mind on human minds and bodies and giving a better understanding of Soul and salvation. Jesus healed sickness and sin by one and the same metaphysical process." ("Science and Health with Key to the Scriptures" by Mary Baker Eddy.)

Census Bureau To Survey Our Smoking Habits

Census Bureau interviewers will conduct a survey here concerning the smoking habits of the population during the week of August 19, Director Leonard C. Isley of the Census Regional Office in Los Angeles, announced. Interviewers will ask about people's past smoking habits as well as present habits in order to discover whether there have been significant changes over the past year.

Interviews conducted locally are part of the third annual survey of smoking habits taken among a representative sample of the nation's population to provide statistical data for the U. S. Public Health Service. The questions on smoking will be asked during the Bureau's monthly labor force inquiries. Questions about jobs are designed to provide data for use by the U. S. Department of Labor in determining current national employment and unemployment trends.

The identity of households in the survey throughout the U. S. is confidential, and the information obtained will be used only for statistical purposes.

Legion Auxiliary Discuss New Year

Members of Sierra Madre American Legion Auxiliary gathered at the home of Mrs. Wayne Perry on September 8, President, Bertha Billings conducted the business meeting. Plans for the Education and Americanism programs for the new year were discussed. Visitors were past president of the unit, Blanche Buie and Mrs. Hazel Cowart.

Letters had been received from member Hazel Pries of Thousand Palms and Past President Ethel Stein, who is vacationing in Milwaukee. Treasurer, Orrella Henderson is in Santa Fe, New Mexico for a two months visit with her daughter, Twila. Mrs. Helen Wheeler returned August 4 from an extensive tour of Canada, Washington and Oregon.

There will be no social meeting in August. The business meeting in September will be at the home of Mrs. Bertha Billings on the 12th.

Many Farm Trucks

More than one out of every five trucks in the nation today is used on the farm — a total of nearly three million farm trucks.

The Luis Rios Family Bids Farewell

prior to her arrival, "Maffie," who arrived last January with 92 other exchange students, got along exceptionally well. She's outgoing, friendly, intelligent and "cute." Naturally, colloquialisms, idioms, generations of ever-changing slang threw her for awhile, but she soon got the "hang" of it and was "real hep" . . . or is it, "real cool"? (Can't you just imagine unsuspecting Santiago reeling under Maffie's new English? . . . And what about her English Language teacher? . . . By now, Maffie probably has them all "with it!")

There was no summer vacation for Maffie upon her return to Santiago. Her seasons are different down there and so it was right back to school for her. In Sierra Madre, Irene and her "sister" attended Alverno Heights were both were juniors.

Maffie and her visit have done a lot for diplomatic relations. Probably a lot more than the professional diplomats. At the termination of her North American stay, when Maffie left for her home and family in Santiago, she was very happy, because she would soon see her family, friends and home again and be able to share her many experiences with them, to tell the girls about "slumber parties," to tell all about the vastness of the country and the close proximity of ocean, desert, mountains and plains to tell them about the warm friendliness, and to tell them that

people here are pretty much the same as people in South America. From this six month's education, she took much with her — a greater understanding and appreciation for her North American neighbors and their way of life.

When Maffie left, she was also very sad at the prospect of leaving. She had come to love her adopted family, friends, teachers, drive-in theatres, hamburgers and French fries. So, she took one thing more with her to Santiago . . . a desire to return some day soon.

Letters To The Editor . . .

Dear Editor:

May I offer my sincere gratitude for the assistance you have given us during our current recruiting drive. We have seen a marked increase in the number of applicants for the position of Deputy Marshal. Much of this increase must be attributed to the coverage we have received in the press.

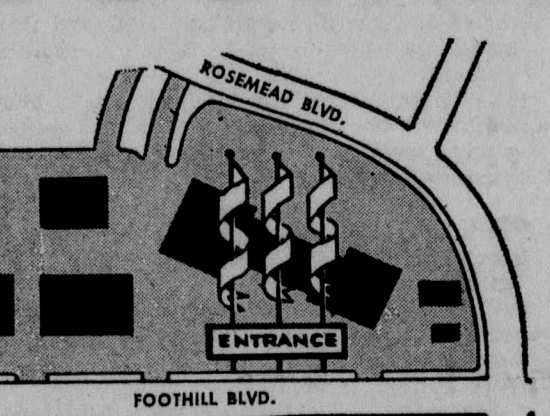

Once again, a heartfelt thanks from me and my staff for your generous assistance.

—LESLIE R. KEYS
Marshal

Weather Road Enemy

Studies show weather is the worst enemy of good highways. Soaking rains, frost, heat, and rapid temperature changes break up highways — even those where traffic is light.

Don't know how we missed a "first-born" for Sierra Madreans... But anyway, a Big Belated Welcome to Miss Christin Marie Bell who arrived, weighing 7 pounds 12 ounces, at the Sierra Madre Community Hospital on July 8. She is the first born of city employee, Leo Bell and his wife Maurine who reside at 555 Brookside Lane. Maternal grandparents are Mr. and Mrs. M. H. Perkins, proprietors of the Cottage Market. Gran'ma and Gran'pa Perkins are neighbors of their daughter and therefore can run in most any time to visit with Christin. Other grandparents aren't quite so close. They are Mr. and Mrs. Daniel Bell of North Carolina. Congratulations to the proud parents.

LEGAL NOTICE

SIERRA MADRE NEWS
56935
NOTICE OF AGREEMENT TO PURCHASE LANDS DEEDED TO THE STATE FOR DELINQUENT TAXES (Agreement No. 1561)

NOTICE IS HEREBY GIVEN by the undersigned Tax Collector of the County of Los Angeles, State of California, in accordance with the provisions of Chapter 8, Part 6, Division 1 of the Revenue and Taxation Code and the written authorization of the State Controller, as follows:

That an Agreement has been made between the Board of Supervisors of the County of Los Angeles and The City of Sierra Madre and approved by the State Controller of the State of California, to sell to said City under the terms set forth in said Agreement, all of the right, title and interest of the State in and to all of the real property herein-after described, all of which said property has been deeded to the State for delinquent taxes. A copy of said Agreement is on file in the office of said Board of Supervisors.

That pursuant to said Agreement the undersigned Tax Collector may issue a tax deed to said City 21 days after the first

publication and the mailing of this notice, and the right of redemption will cease unless the property is redeemed before it is sold. For information as to the amount necessary to redeem, apply to HAROLD J. OSTLY, Tax Collector, 225 North Hill Street, Los Angeles, California, 90012. The real property covered by said Agreement is all in the County of Los Angeles, State of California, and is described as follows, to wit:

Parcel No. 3, Tract No 2456 Lot 430 Assessed to Mary Minniear Parcel No 4, Tract No 2456 Lot 431 Assessed to Mary Minniear

Dated this 1st day of August, 1968.

Out of the Cobwebs

that at Collinwood, Ohio, with the fearful consequences of congested hallways and winding stairs. The school grounds are large enough to provide ample playgrounds, and are centrally located. The large patio, on three sides of which the school rooms are arranged with the pergola and fountain add greatly to the beauty of the building.

All roads lead to the mountains. Sierra Madre is as intimately identified with the "Mother Range" as the name of the city indicates. No other city affords at the same time such opportunities for enjoyment of the charms of the mountains and accessibility to such a city as Los Angeles. Within a few minutes walk from any part of Sierra Madre are alluring canyons where water flows during most of the year. The main trails to Mt. Wilson and to the West Fork of the San Gabriel start from within the city limits. If this much information concerning the charms of Sierra Madre sounds good to you, write Mr. M. H. Bridle, secretary of the Board of Trade, or any of the real estate firms advertising in the News for further information.

Forty Years Ago:

August 17, 1928
Mr. and Mrs. E. D. Burbank kept open house on Thursday at their home, 42 E. Carter Ave. The occasion was Mrs. Burbank's birthday anniversary and each guest brought a single flower in lieu of presents. By the time the afternoon had passed so many friends had passed through the doors to offer their felicitations that the house was a veritable bower of bloom. Mr. and Mrs. Burbank were assisted in welcoming the guests and in serving of refreshments by Mrs. R. S. Corlett, Mrs. John Lowe, Miss Larjar and the Misses Margaret and Jane Griebel.

On exhibition in the News office this week is a bunch of apples from the home of W. W. Bayard, 305 E. Laurel Ave. The unusual thing about them is the presence of nearly mature apples and a number of blossoms on the same stem. Mr. Bayard says he planted the tree many years ago and does not know the variety — they are "just apples." But he may have a variety worth developing for he says this performance is a habit with the tree. It blooms at all sorts of seasons and is apt to bear mature fruit at any time of year.

Endorsement of the plan of opening and widening Baldwin Avenue to a width of 80 feet between Foothill Boulevard and Huntington Drive, through the Baldwin ranch, was voted by the directors of the chamber of commerce at their meeting Monday night.

With the tire market already showing a sag in prices, Al Myers is making it still easier this week for auto owners to put tip-top rubber on their cars. He is announcing a special sale on a large variety of new tires of standard makes, and also a reduction on the re-treading service with which his customers have been rolling up mileage records.

Starting a week's outing with a double wedding, four local young people spent last week touring Arizona and New Mexico. They were Harry Peterson who took as his bride Miss Opal Hill, and her brother, Fred Hill, whose bride was Miss Dorothy Norman of Pasadena. From Phoenix, Mr. and Mrs. Peterson drove on to El Paso, returning home by way of the Grand Canyon.

The girls of Pasadena High School will no longer be so easily identified, as they have voted to dispense with the uniforms of white middie and blue skirts, the new regulations leaving the matter of dress to individual taste.

Harry Murphy of Owensmouth has purchased the Mountain Tavern from Mr. Wyatt who has been operating it the past few months. He plans to make substantial improvements, it is reported.

Mrs. Warren L. Williams entertained the children of the Plaza Community Home with another of those delightful plunge parties Tuesday afternoon.

Ten Years Ago:

August 14, 1958
Robert E. Walker, superintendent of Bonita Union School District for the past 12 years, was unanimously chosen superintendent of Sierra Madre schools at a meeting of the Board of Education Monday night.

Webster Vannier, former chairman of the library board, was appointed to the City Council Tuesday night to fill the vacancy created by the resignation of Mayor David Wood. His appointment was effective yesterday, the day of Wood's resignation.

The erection of an historical monument at the beginning of Mt. Wilson Trail near the Mira Monte Reservoir is proposed by the Historical Society and Kiwanis Club. The proposal was presented to the City Council Tuesday night in order to obtain a permit to erect the monument.

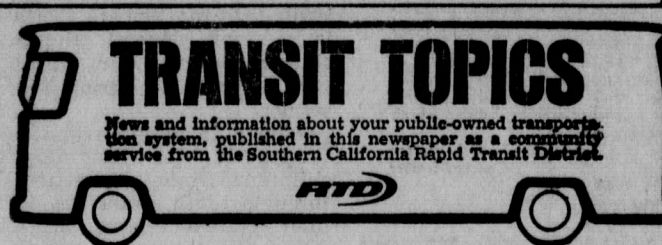

George Grijalva is probably still marveling that he's alive — after a bad smash-up on South Rosemead Blvd. last week. George, and companion, Jim McCaren (ex-Sierra Madrean, now of Monrovia), were traveling in George's little Austin-Healy convertible when they hit a traffic island, turned end-over-end three times and were thrown into a field. The men landed in the Beverly Hospital for four days — (George with a head injury and bruises; Jimmy with cuts) and George's sports car landed in the junkyard — a total wreck.

Two young aviators, Scott Toms and Eric Richter, climbed a middle-sized tree in the park and took off into the wild blue yonder wearing a pair of cardboard wings. Outcome? Unfortunately, Scott, 5 year old son of the LeRoy Toms, suffered a broken right arm when he failed to gain altitude.

Smokey Says:

... Do You?

by
ARTIE DEE
Transportation Editor

My "informed sources" tell me some very interesting facts about rapid transit you might like to know about. Rapid Transit is not all high speed, twin rail trains speeding you to your destination. Over 300 miles of new bus lines will be established to take folks to and from Rapid Transit stations. This will mean more bus service in areas already served by RTD and new bus service in areas not presently effected. In addition, there will be 5,800 to 7,300 new jobs in Los Angeles County. Plus the fact if you live near a line or station location, your property will be worth more. These and other facts are contained in a new folder available for the asking.

My daughter, visiting us from up north, had dinner the other night at Ports O' Call Village. She came home raving about the great food and the interesting shops that make up the Village. For a most unusual evening out, one that you can enjoy on RTD, this is the place. Send for a timetable of the line serving Ports O' Call.

Much of my mail calls attention to a problem that RTD is doing its best to solve. That is the telephone information service. It goes without saying that there are times when some of you nice folks get a little upset when you either get a busy signal or a recording. They have almost 70 operators and supervisors taking over 6,000 calls on an average week day. When you realize that these calls require time to look up and answer, you get an idea of the problem. It would speed up the whole process if you would tell the operator where you are, where you want to go and when you want to go. Another tip is, if you get a recording, hang on. No one can get ahead of you and your wait will be shorter. Help RTD to help you and everyone will benefit.

- Q. I would like a do-it-yourself tour guide and also would like to know how to get to Bishop, California, from Montebello, P.S.
- A. Take the 72 line on Whittier Boulevard in Montebello to 5th and Los Angeles Street in Los Angeles and walk one block south to the Greyhound terminal. Greyhound goes to Bishop.
- Q. Please tell me how to get to International Airport from Temple City. Also send me your timely folder on Rapid Transit. Mrs. J.W.
- A. Take the 52 line to 5th and Spring, walk around the corner and catch the 51 line to International. Your material is on its way.
- Q. I read your piece about new Marineland service, the 125 line, I think. How can I use it from El Monte? Mrs. L.M.
- A. Take the 60 line from El Monte station to the Los Angeles terminal and catch the 125 line out of the terminal for Marineland. I'll send you both timetables.
- Q. Please tell my husband and me how to get to Farmer's Market from Arcadia. We went with some friends in their car when they visited us, but now we want to go again and have no car.
- A. There are two lines in Arcadia that will take you to Los Angeles. Take either the 52 or 68 and get off at 5th & Spring. Catch the 3 line going west on 5th and ride to Fairfax where the Market is.

Send your questions to Transportation Editor, Artie Dee, care of this newspaper. All questions will be answered in the column, or by mail. A system map will be sent FREE to each person writing in. NO STAMPS OR STAMPED ENVELOPES ARE NECESSARY.

Conventions?

Like jazz and Hollywood and Coke, the political convention is completely an American phenomenon.

Political parties in other countries do hold their own periodic convocations, to be sure, but nowhere is the production so big so complex, so gaudy and flamboyant as it is in the United States.

Politically, the whole convention system of nominating presidential candidates has been under increasing attack in recent years. Yet despite obvious flaws in the system, despite cumbersome procedures and the best efforts to reform them, conventions still go on playing a major role in the American political process.

Unless and until a better method is devised and operating, conventions apparently are the best available means of distilling a decision from the best possible representative cross section of American political thought and leadership.

Apart from all political and partisan consideration, however, convention are an incredible part of Americana simply by their very nature. If nothing else, each is an enormously complex physical achievement.

Involving four basic ingredients — people, money, hall and hotels — conventions customarily are awarded by each party to the city which offers the most cash to get them, and which has the best facilities to hold them.

The parties use the cash to meet huge staff, transportation, installation, and construction costs. In return, the host city gets an enormous economic shot in the arm from a convention.

Hotels not only commit enough rooms to house some 40,000 people, but provide vast work space to the networks, the press and the political party.

Months of highly intricate carpentry and electronics work go on at the convention hall, building platforms for the speakers, for 1,000 daily press reporters, for still and movie cameras, for arc lights and television equipment.

There are processing laboratories for film, complex broadcasting studios, and acres of subdivided work space for the press, all in or around the hall.

Each convention involves exhausting social activities, thousands of miles of telephone lines both for personal and network use, hundreds of concessions, printed programs, daily programs, fire and police departments, fleets of cars and drivers, acres of parking, blizzards of press releases, millions of dollars worth of equipment, vast needs for electric power, entertainers, credentials for delegates, alternates, daily press, weekly press, radio and TV, photographers, staff and stenotypists, as well as tickets printed under bond and carefully allocated under guard.

But despite this complexity, both parties have done remarkably well in trimming conventions down to the operating essentials.

If this system is ever replaced by a better one, history at least should look back in wonder at today's nominating process.

Blue Pencil

We note that the undergraduates at San Francisco State College are at it again, this time having chopped off student body financial support for intercollegiate athletics.

Students at S.F. State are well noted for their zeal in seeking instant across-the-board social reform at the expense of all the traditional vestiges of college life. While shifting the sports budget to "community action programs of social importance" may be based on creditable motives, the athletes in 14 sports programs and their fans and supporters also have a legitimate place in campus life.

College authorities have the authority to do so and have modified the student action because of contractual commitments but campus insiders say the institution could be treated to another round of demonstrations as a result.

The student activists at S.F. State might do well to remember, however, that just as they've wielded a heavy blue pencil on the sports budget for their campus, the State Legislature one of these days just might properly consider wielding an even heavier one on the whole institution.

Time For An Accounting

Congressional candidates for re-election customarily return to their home states to mend political fences and campaign for re-election in plenty of time to remind voters back home of the good things they have accomplished for their districts and their states. Most of these good things have cost the taxpayers a lot of money. This is one of the reasons the federal budget is in the neighborhood of \$190 billion a year and taxes are high and going higher.

This year the homecoming congressman may find the usual political recipe for staying in office has turned somewhat sour. Citizens all over the country are getting up in arms at the tax take from their earnings, and efforts are being made to drive home to voters the close relationship between taxes, deficit spending, and inflation. For example, the National Tax Reform Committee has distributed to daily and weekly newspaper "A 15-point program" for cutting the federal budget by some \$20 billion.

Accompanying the 15-point program release is a summary of the spending record of Senators from the respective states on which the people back home can judge the economy consciousness of their senatorial representatives. The 15-point program is based on an extensive study of the federal budget. The recommendations it contains to meet the current financial crisis of the U.S. government will make good sense to many people — and require spend-thrift congressmen to do a lot of explaining.

Happy Trip

With vacation and travel time here, the average motorist might ponder for a moment on the vital contribution he's making to government as he wheels on his merry way.

A recent Department of Commerce report indicates that more than one-fifth of all the taxes collected by the 50 states in fiscal 1967 came from special levies on highway users.

Of the nearly \$32 billion in total state tax collections during that time, more than \$7 billion, or about 22 per cent, came in one fashion or another from the pockets of motor vehicle owners and operators. State motor fuel taxes, averaging 6.6 cents a gallon, totalled \$4.8 billion while motor vehicle fees added up to \$2.2 billion and drivers' licenses about \$165 million.

So have a happy trip . . . your state government needs your travel.

FREEDOM AT ANY PRICE

by DR. HENRY V. WITTY

If all churchmen throughout the world could work together for peace with freedom, it would be a splendid thing. The ideal of our civilization for almost 2,000 years has been peace on earth, good will towards man. Unfortunately, churchmen have not yet found a worthwhile instrument for promoting the only kind of peace that is meaningful—peace with freedom.

Certainly, the world Council of Churches, which recently completed its Fourth Assembly at Uppsala, Sweden, is not the desired instrument. Instead of promoting the cause of freedom, the WCC gave aid and comfort — and supplied useful propaganda — to the forces of tyranny in the world today, forces that often deceitfully describe themselves as "peace" forces.

For example, the World Council of Churches called for an immediate unconditional end to the U.S. bombing of North Vietnam. But it didn't demand that the North Vietnamese Communist regime stop its campaign of aggression and terrorization against the South. That the WCC would take the side of the Hanoi regime that is guilty of the most terrible atrocities, including beheadings and the burying alive of captives — as revealed following the allied recapture of the historic Vietnamese city of Hue — gives insight into the real character of a body that falsely describes itself as a voice of conscience.

Only a conscienceless organization would lend itself to the political goals of Ho Chi Minh and his henchmen. The WCC statement against U.S. bombing was not the only indicator of the organization's bias in favor of revolutionary action. One speaker from India urged the delegates to the Assembly to accept the idea of disorder and strife as a normal part of change in our times. The Assembly also gave a platform to the American radical, novelist James Baldwin, who spoke to the "churchmen" in praise of Stokely Carmichael, the Black Power advocate and Castro admirer who specializes in incendiary threats against American society. When Baldwin finished his hymn of praise of Carmichael, the delegates to the Council applauded.

Finally, the WCC came to the aid of the four Americans, including the chaplain of Yale University, the Rev. William Sloane Coffin, who were convicted in a federal court of conspiring to influence young Americans to violate the draft laws. The World Council of Churches endorsed the principle of selective objection to "particular" wars, which is the principle upheld by Rev. Coffin and his co-conspirators.

Neither the United States nor any other free republic could long endure if each citizen decided whether or not he wanted to support the wars in which his country engaged. As the old saying goes, all good men should come to the aid of their country in time of trouble.

If selective participation in wars were permitted, the cowardly and the greedy would never render service to their country. They would prefer to sit home in safety or seek ways of prospering while others faced the dangers of the battlefield and devoted months and years of their life to national survival. The burden of defending a society must fall equally on all, except as where infirmity or extreme hardship applies. The laws of the United States clearly recognize special circumstances. The laws even provide for those who have a true conscientious objection to fighting of any sort any time. But injustice would be done to all brave and loyal citizens if the fearful or the cynical were exempted from service to their nation and fellow countrymen.

It is interesting, in terms of an historical parallel, that the WCC declaration favoring "selective" objection to war was issued from a meeting place in Sweden. The Swedes spend much time criticizing the United States for its defense of freedom in South Vietnam and attacking Rhodesia and South Africa on the ground of their domestic policies. Yet the Swedes sat out World War II, selling war materials to the Nazis while their next-door neighbors — the Norwegians and the Danes — were under Hitler's iron rule. Truly, the Swedes have no warrant to lecture anybody on what is right.

It would be a mistake to treat the World Council of Churches declarations as the voice of organized religion. For years, the WCC has been a sounding board of anti-American and anti-Western opinion. It has encouraged the same revolutionary forces and struggles that were inspired by the Soviet Union and Red China. It has condemned all Western attempts to augment defenses against communist expansionism.

The danger is that innocent churchmen will be duped into believing that WCC speaks for Christians everywhere. It is important, therefore, that the WCC's actions be seen in political perspective. Dr. Henry Witte will be on vacation for the next four weeks. We do hope for a pleasant time and look forward to his return in September.

LEGAL NOTICE SIERRA MADRE NEWS NOTICE OF TRUSTEE'S SALE

On August 20, 1968, at 11:00 o'clock A.M., at the front entrance of Security Land-Escrow Company, 10251 South Paramount Blvd., Downey, California, Stan-Shaw Corporation, as Trustee under the Deed of Trust made by RUSSELL E. DENNEY and MOLINE R. DENNEY, husband and wife, and recorded July 15, 1959, in Book 94, Page 21, of Official Records of Los Angeles County, California, given to secure an indebtedness in favor of ALFRED H. JAHNS, AND CECILIA T. JAHNS, husband and wife as Joint Tenants, now owned and held by ALMA MAY BACON, by reason of the breach thereof, notice of which was recorded April 19, 1968, in Book M2835, Page 935, of said Official Records, Stan-Shaw Corporation will sell at public auction to the highest bidder for cash, payable in lawful money of the United States at the time of sale, with-out warranty as to title, possession or encumbrances, the interest conveyed to and now held by said Trustee under said Deed of Trust, in and to the following described property, to-wit: Lot 3 of Tract No. 7256, as per map recorded in Book 94, Page 21 of Maps, in the office of the County Recorder of said County, for the purpose of paying obligations secured by said Deed including fees, charges and expenses of the Trustee, advances, if any, under the terms of said Deed, interest thereon and \$10,064.39 in unpaid principal of the note secured by said Deed, with interest thereon from November 1, 1967, as in said note and by law provided. Dated July 22, 1968. Stan-Shaw Corporation, Trustee. By C. F. Stanwood, President. Attest Don Killingbeck, Asst. Secretary. Publish Sierra Madre News August 1, 8, 15, 1968

Out of the Cobwebs

Sixty Years Ago:

August 14, 1908
The big 100-inch lens for the new telescope at Mt. Wilson was taken to the peak last week. This task had been looked forward to with more concern than any other in the erection of the telescope. Hauling the immense glass up the long trail in safety was a feat to be proud of. Leading men of the scientific world are anxiously awaiting the time when the new observatory will be in working order. Already extensive plans have been made for astronomical investigation along lines hitherto impossible.

Mr. R. R. Wherry was very much surprised the other day to hear a report to the effect that he was very ill, dead or something of the sort. He wishes it distinctly understood that he is not dead, and has not been. He has recently visited his mother who was ill and in some way a false impression on the matter seems to have gotten abroad.

The society vaudeville

and masquerade dance given at Carter's camp on Thursday evening was one of much merriment. About 60 guests enjoyed the program and dancing. Punch was served throughout the evening and the greatest good humor prevailed. Prizes were given for the best impersonations and were as follows: 1st prize, hand painted match holder, "the bride," Mrs. Chene; 2nd prize, bouquet, Etta Ed-nart, "wax doll." Among the noticeable costumes were the Indian costumes of Miss Anita Carter, Mrs. Thomas Henszey and Miss Ethel Chene.

The plan of the Sierra Madre public school building represents the best expression of modern public school architecture. Lighting and ventilation could hardly be improved upon. Each room is an "outside room" with at least two outside exposures. Equipment is of the best and methods of instruction the most approved. Each room has its own outside exit, removing the possibility of such disasters as
